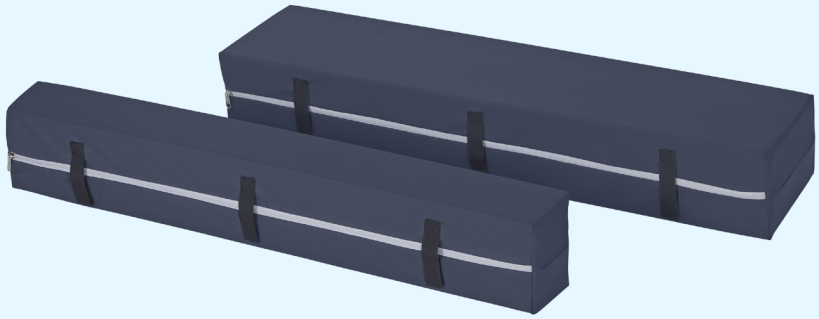
INSTRUCTIONS FOR USE

# Extension part



## Safety instructions

- Read these instructions carefully and keep them for future reference.
- Do not insert sharp objects into the Extension parts.
- Only use the Extension part for its intended purpose as instructed in this manual.
- Avoid damage by keeping the product away from heat sources or fire.
- Position the extension part carefully and check that the correct size is being used

## CE Marking

The Extension part is CE marked according to MDR (Medical Device Regulation) (EU) 2017/745 Medical Device Directive Class 1. With CE marking, COMCO AB ensures that the product meets the requirements of the Medical Device Act. According to these regulations we are obliged to report accidents and incidents involving our products. We therefore ask you to report to COMCO AB if an accident or incident involving this product occurs.

## Introduction & use

The COMCO Extension part is used to extend a mattress to fit the bed. It is equipped with Velcro for easy attachment to mattresses that have handles on the short side. If the mattress has no handles or anything else to attach to, the Extension part is placed between the mattress and the headboard (preferably at the head end).

The product is available in two thicknesses; 14 cm, adapted for the **Stratum Sense** mattress and 12 cm, adapted for the **Solatium Base mattress**.

## Facts Extension part

**Filling**: HR foam
**Cover:** Hygiene cover 200 g/m²
**Height:** 12 cm / 14 cm
**Colour:** Dark navy
**Fire test:** Tested and approved in accordance with EN 597-1, -2.
The washing label with the supplier's name, washing instructions, article number and size is located on the inside of the cover.

## Sizes

**For Solatium Base mattress:**
85x10x12 cm, article no. SV-1CCZN08512
90x10x12 cm, article no. SV-1CCZN09012
105x10x12 cm, article no. SV-1CCZN10512

**For Stratum Sense:**
85x10x14 cm, article no. SV-1CCZN00145
90x10x14 cm, article no. 1CCZN00160

105x10x14 cm, article no. SV-1CCZN00146
120x10x14 cm, article no. SV-1CCZN00179

85x20x14 cm, article no. SV-1CCZN00143
90x20x14 cm, article no. 1CCZN00133
105x20x14 cm, article no. SV-1CCZN00144
120x20x14 cm, article no. SV-1CCZN00183

## Cleaning & recondtioning

The cover of the Extension part should be cleaned and reconditioned to avoid the possible spread of infection. A label with washing instructions is placed on the inside of the hygiene cover. The removable hygiene cover can be machine washed at 90°C with subsequent tumble drying.

Use a damp cloth with a gentle detergent to clean the surface. Then wipe the damp surface with a dry cloth. If necessary, also use a disinfectant such as DAX, Virkon, Perform or other commonly purchased products. The cover can be cleaned with alcohol-based surface disinfection containing surfactants. When cleaning with chlorine, a concentration of 1 000 ppm/0.1% can be used.

After cleaning, check the hygiene cover. If the cover is damaged, it must be replaced. Also check that no liquid has penetrated to the foam core.

## Destruction

Both the Extension part and the packaging are sorted as combustible waste.

## Returns and complaints

All discrepancies must be reported to COMCO AB. Complaints may only be made once the deviation has been reported to us. Returns shall then be made according to our instructions. In the event of goods damaged in transit, a report must also be made to the transport company concerned. Once COMCO has received the complaint, the customer will be informed how it will be dealt with.
